To

DIRECTOR GENERAL,
eGA-HQ,
S.L.P 2833, 40404 DODOMA,

Respected sir/madam,

I am writing to you on behalf of St. Joseph University in Tanzania, extending warm greetings from our University. We hold a strong commitment to provide our students with a well-rounded education that incorporates practical experiences, and one of the ways we achieve this is through our Industrial Practical Training (IPTR) module.

The IPTR module is designed to expose our students to real-world industrial scenarios, enhancing their understanding of industry practices and preparing them for successful careers. We believe that hands-on training in a professional setting is invaluable for their personal and professional development.

In light of this, I am reaching out to kindly request your esteemed organization to consider providing field training opportunities for our students during the upcoming period from **21st July 2025 to 19th September 2025**. Below, we have given the details of the student, who is eager to undergo IPTR in your organization.

Student details:

S.No.	Register No.	Name of the student	Sex	Course of Study	Year of study
1	23171055005	Wilson Mathias Magesa	Male	Bachelor Engineering in Computer Science Engineering	2024/2025

We understand the importance of collaboration between academia and industry, and we believe that this partnership will be mutually beneficial. By offering our students the opportunity to work with professionals in your organization, they can gain practical insights, apply theoretical knowledge, and develop skills that are essential for a successful career.

We strongly believe that, we would not be deprived of your kindness. We look forward to the possibility of a positive collaboration that will contribute to the growth and development of our students.

Thank you for your time and consideration.

Sincerely,

Dr. Arul Raj Kumaravel**EmailID:****pkarulraj@yahoo.co.uk, arulraj.kumaravel@sjuit.ac.tz****Mobile: +255 789875835, +91 7373757241.**
